

PT 335B Plus Multi

CREASE • PERF • SCORE

The PT 335B Plus Multi is a versatile vacuum pile fed automatic creaser with multiple finishing options; cross perforating (with the capability to do partial perfs), choice of 5 creasing widths, and an array of rotary tools; perforating, scoring, and kiss-cutting. Equipped with interchangeable creasing/perfing dies, the PT 335B Plus Multi can quickly switch over from creasing to prevent toner cracking to perforating for tear off pieces. The PT 335B Plus Multi can be placed on an optional stand (shown) or used as a tabletop machine with removable trays to minimize the footprint. With the Progressive Crease function activated, each sheet is creased in a slightly different position, creating a "V" shape that forms a square back when the book is assembled, allowing it to lay flat after stapling. The Perfect Bind Cover mode is a user-friendly feature that calculates the crease positions for spine and hinge scoring based on operator input.

FEATURES

- Quick and easy job changeover
- Skew compensation, extendable outfeed conveyor
- Speeds up to 4,500 sheets per hour
based on 8.5"x11" run landscape, single crease
- Ability to perforate in both directions in one pass

Partial Perf

Interchangeable Die Tool

SPECIFICATIONS

Minimum Stock Input Size	4.7" wide x 5.5" long (11.93cm x 13.97cm)
Maximum Stock Input Size	13" wide x 25.5" long (33.02cm x 64.77cm)
Paper Weight	100-350 gsm
Number of Creasing Positions	32
Cross Perforating	Yes
Linear Perforating	Yes
Micro Perforating	Yes, 24/48
Feeding Method	4" vacuum pile feed
Speed	4,500 sheets per hour
Job Memory	30
Controls	LCD screen and touch pad
Machine Weight	101lbs (46kg)
Machine Dimensions	59.44" x 21.25" x 16.53" (151cm x 54cm x 42cm)
Electrical	110-130V, 60Hz, 15A

NOTE: Machine performance will vary based on stock weight, type, and specifications of the job being performed.
WARRANTY: 3 year warranty (excludes consumables)
